Declaration by Corresponding Author

1. I, the corresponding author of the above said research article, with the consent of co-authors, submits the copyright ownership of the accepted article and supporting information (if applicable) to the **Ci-STEM Journal of Advanced Materials and Computing (CJAMC)**. The transfer of copyright allows the CJAMC to develop, promote, distribute, sell, and archive the scientific work all over the world except the patent rights.
2. I, the corresponding author of the above said research article, undertakes that the work reported in the above article, is result of original research and this does not violate any copyright or privacy right. If any plagiarism is found in the camera-ready paper after publication, I and co-authors take the whole responsibility and, in this regard, neither the **CJAMC** Editorial Board nor the publisher (Ci-STEM Global Services Foundation) of the Journal are liable.
3. I, the corresponding author of the above said research article, further confirms that this article is neither published elsewhere, nor under consideration for publication in any other Journal.
